Re: Count Day Holiday Deconfliction Bill

Dear Ms. Rose,

I am Dr. Dania H. Bazzi, Superintendent of the West Bloomfield School District, and I would like to submit a card in support of **House Bill 4648** on behalf of the West Bloomfield School District.

Please eliminate the confusion by hosting a single count day across the state the day after a holiday. No parent should have to choose between sending their child to school on a holiday and/or denying our school district potential funding.

Thank you for your consideration on this important matter.

Respectfully,

A handwritten signature in cursive script that reads 'Dania H. Bazzi'.
